GLOBAL KNOWLEDGE WITH LOCAL THINKING

The Anitua Group comprises a diverse range of specialised companies, all 100% PNG owned. These companies complement and support each other to provide value to organisations across many industries.

We offer a one-stop-shop approach and, being one group, we can manage this with a dedicated point of contact.

Each of our businesses provides specialised services supported by a wealth of industry experience.

We are socially responsible and progressive, offering sustainable employment, training and bright futures for our employees.

Sharpen your business focus

By outsourcing many of their business and operational requirements, our clients minimise capital investment and streamline their operations, allowing them to react faster to market changes and stay focused on business objectives.

We take the time to understand client requirements, developing a collaborative approach and building efficiencies into end-to-end processes.

A personalised way of doing business

What makes our approach to business unique is the way in which we work with organisations. Building a strong relationship based on respect, shared knowledge, smarter thinking and ongoing support – that is the Anitua Way.

It's a personalised way of doing business, one that builds our business around our clients to deliver their best imaginable solutions.

Training puts a strong team at your side

Working in some of the world's toughest environments breeds a different way of thinking. Safety, training and innovative problem solving are critical to the success of our approach.

A number of our businesses have achieved Australian Recognised Training Operator (RTO) standards and Papua New Guinea National Training Council (NTC) training standards.

Through ongoing training and development, our experienced teams bring a wealth of knowledge and skills to projects. Across a diverse range of industries, it's a level of experience that is unmatched in Papua New Guinea.

Our commitment to training and development has helped us become the leaders in our field – delivering the highest standards with a well trained, efficient and safe 'home grown' workforce.

Safety, it's in the way we work

Having cut our teeth in the mining industry – governed by some of the strictest workplace safety legislation in the world – the safety systems and procedures across our group are amongst the most rigorous in PNG.

Safety is in everything we do – in the way we act, the way we talk and the way we think.

It's more than removing hazards. It's in the creation and maintenance of what has become a culture of safety.

Our expert SHEC (Safety, Health, Environment and Community) team conducts its own Safety Leadership Program and Safety Awards Program and operates with the single aim of maintaining safety as our number one priority.

More than an operational function, safety is also about relationships and trust in a team that is on your side, whose quality standards and safety records support yours.

This focus on safety extends to incorporating collaborative programs with contractors, clients and other business partners.

INNOVATION, SAFETY & TRAINING FORM THE BASIS OF OUR SUCCESS

SOCIALLY RESPONSIBLE AND PROGRESSIVE

The successful expansion and diversity of Anitua's portfolio of businesses have contributed to providing sustainable jobs, training large numbers of people and helped improve the quality of life in communities in which its companies operate.

World Bank

Developing and managing successful organisations in remote locations requires a different way of thinking.

A way of thinking that embraces the local people, their cultures and their environments. A way of thinking that empowers people with a shared vision, a sense of purpose and a committed passion.

Our thinking is driven not only by our goal of sustainable solutions, but also by our commitment to delivering world's best practice.

The Anitua Group has been commended by the World Bank as a stand out example of a successful landowner company in PNG.

The successful expansion and diversity of the Group's portfolio of businesses have contributed to providing sustainable jobs, training a large number of people and helped improve the quality of life of those in the communities in which its companies operate.

Also commended was the Anitua Group's initiatives in combating violence against women and empowering female employees.

Leadership with a genuine commitment to developing the skills of local workers has been a key factor in Anitua's success

BUILDING STRENGTH THROUGH DIVERSITY

The Anitua Group comprises a range of specialised companies, each 100% PNG owned. These companies complement and support each other to provide value to organisations across many industries.

To create greater value we align our diverse services within six key areas of focused expertise: civil, hospitality, retail, service, transport and business development.

CIVIL

With the ability to provide complete end-to-end solutions we can support our clients from drilling stages, accessing remote locations, roads and civil construction through to all things mining and earthmoving.

*Mine site support
Mining and equipment
Contract mining
Quarrying services
Road and civil construction
Drilling*

RETAIL

Comprehensive solutions, from fresh and farmed produce to conveniently located retail facilities serving all segments of the local market including imported and niche products not widely available in PNG market.

*Supermarket
Hardware
Farming
Fresh produce*

TRANSPORT

With the right people, facilities and experience, we can service any business wanting to get any kind of freight, no matter how big or small, between Australia, NZ and the Pacific Rim, or anywhere in between.

*Automotive
Transport
Shipping
Logistics*

HOSPITALITY

Our experienced teams deliver consistently high standards across all areas of camp operation and management, catering and hospitality, with a level of experience that is unmatched in Papua New Guinea.

*Camp operation and management
Catering and hospitality
Hotels
Facilities management*

SERVICE BUSINESSES

The ability to provide complete end-to-end solutions combined with strengths of local experience, highly trained staff and strong management makes Anitua a perfect service partner for your organisation.

*Security services
Property management
Air conditioning
Construction
Maintenance services*

BUSINESS DEVELOPMENT

A broad range of solutions and services include accounting and payroll, business development, contract management, compliance requirements including insurance matters, and business planning.

*Business development
Small business services*

**Building strength
through our diversity**

Our core strengths are built around our ability to work with local communities, harnessing local knowledge and establishing trust and stability.

As a landowner-owned business, we have both experience and empathy working with landowners.

The Perfect Partner

Our approach to working with our people and yours has helped us to build a diverse group of companies that delivers end-to-end solutions with greater productivity and efficiency.

We bring to the table local experience, cultural knowledge, professionalism and strong management to make Anitua a perfect partner for your organisation.

By selecting and training people from local areas we develop teams with greater understanding and commitment to our customers and the local people.

We are the employer of choice in many of the locations in which we work.

We pride ourselves on our ability to employ and work well with people of wide cultural backgrounds and provide local sustainability.

We support this with our team of Human Resources and Industrial Relations specialists. Their deep understanding of both customary and modern-day laws, assists in the facilitation of smooth business dealings between contractors and local landowners.

**Empowered people
are our future**

We strive for the personal and professional development and fulfilment of each of our employees, actively promoting on-the-job training, further education and the development of life skills.

This commitment to ongoing development contributes not only to the security of our employees' future but also to the long-term future of our organisation.

**EMPOWERED
PEOPLE WITH A
SHARED VISION**

“

OUR GOAL IS
TO BUILD OUR
BUSINESS AROUND
OUR CLIENTS,
DELIVERING THEIR
BEST IMAGINABLE
SOLUTIONS

”

Colin Vale
*Executive Director
Anitua Group*
